Congratulations, and thank you all for your support!

This year's golf outing raised \$2,963.02 for the Scholarship Fund.

Last year we made \$1,262.83, so that's quite an improvement. We had \$1,000 more in sponsorships this year than last, thanks to those of you who

went out and asked folks to participate. And we had one more paid foursome than last year. Still not the tens of thousands of dollars that are raised by the big charity outings, but enough that by 2016 we should be able to make our existing scholarship self-sustaining - and start talking about how much we'll need to raise for increasing the amount we give each year. :-)

Thank you again to everyone who sponsored, played, helped, and/or coordinated our 2015 scholarship golf outing.

Sincerely,
Pat McCon

Please join us at the beautiful Sawmill Creek Resort for the Chapter's Professional Development Conference. Two renowned national instructors will bring us insights into Powering Up for Safety! This is an excellent educational and networking event that you can't afford to miss!

DAY ONE - October 1st, 2015:

James "Skipper" Kendrick
Management Consultant and Coach
"Safety by Skipper"
www.safetybyskipper.com

It's Not About How Safe You Are?

It's not about how safe you are. It's all about how safe you could be! Come spend a few hours to learn how to improve your current safety process. Take a walk on the road to progress with stops to review hazards and risks, a short visit to the land of human choice and error, an introduction to the HER model outlining progress in safety enhancements and finally a stop to discuss several critical concepts - "Seeing is easy - Saying is hard" and "It's all about HOW you say it!". Participants should come ready for interaction, workshops, case study and networking to make the most out of this journey and will leave with several new tools to enhance performance.
