Sponsorship Opportunities

20th Annual Golf Outing Society of Fire Protection Engineers

Northeast Ohio Chapter

Sponsorship in our Golf Tournament benefits the MetroHealth Foundation and specifically the Burn Care Center. See the page entitled MetroHealth for details on how our donation benefits burn victims. Due to your generosity, the Northeast Ohio Society of Fire Protection Engineers has been able to donate over \$7,500 the past several years.

Levels of Sponsorship

Hole sign, recognition in dinner program, SFPE web site and to MetroHealth

Hole Sponsorship: \$75

Silver Sponsorship: \$76 - \$199

Gold Sponsorship: \$200 or more

Recognition in dinner program, SFPE web site and to MetroHealth

Door Prizes: Cash, gift cards, apparel or gifts to be presented to a lucky golfer

Participant Gifts: Tees, balls, hats, etc. that can be presented to each golfer at registration (72 Golfers)

Please ask questions or submit graphics
by 7/26/19 to ensure involvement in the program.

Gary Jones: 216-906-8883; gjones@karpinskieng.com

Bob Fischer: 440-463-0720; bfischer@supplynet.com

Below are examples of a few ways that your support impacts the Burn Care Center.

Treating more than 1,700 burn injuries a year, by donating, you are all a part of the burn team and therefore directly impact patient care in a positive way. Since burns can be life-changing, injury survivors often find strength in numbers. Your support provides programs for survivors to help them cope with their injuries - both adult and pediatric. Your support helps to fund an adult burn survivor recovery group and burn camps (offered twice annually) which help children recovering from burns move forward after their injuries. Camps provide a place and space for kids to recreate with no regard for their scars. By participating with other burn survivors, they can rediscover the newness and joy in life. In addition, support provides to patients who can not afford them, pressure garments to help decrease itching, pain, promote vascular support and reduce their scars.

MetroHealth has been helping burn patients survive and thrive since 1970 when first becoming a regional leader in burn and trauma care. Their burn experts are among the most knowledgeable and skillful in the nation. They share their expertise throughout Northeast Ohio and beyond, giving presentations at schools, workplaces and other hospitals and, conducting important research nationally and internationally. Your support allows staff members to attend conferences to further enhance their knowledge and share their expertise and, to educate and train burn center teams in India. Funding support helps MetroHealth to obtain innovative technologies to improve care (such as virtual reality).

Without the donations, none of the above would be possible.
