Lt Col Tancer will discuss how safety and health are managed at this important military facility. Following the presentation we'll get a tour of the base.

Special note – your e-mail address and driver's license number (and state) are required when registering. Sorry, but you're visiting a military base. ☺

Absolute registration deadline is 11/6/18 to allow for security clearance checks.

C-130 Hercules

MissionThe C-130 Hercules primarily performs the tactical portion of the airlift mission. The aircraft is capable of operating from rough, dirt strips and is the prime transport for airdropping troops and equipment into hostile areas. The C-130 operates throughout the U.S. Air Force, serving with Air Mobility Command, Air Force Special Operations

Aerial Spray Mission

The Department of Defense (DoD) tasks the 910th Airlift Wing at Youngstown Air Reserve Station (YARS), Ohio to maintain the DoD's only large area fixed-wing aerial spray capability to control disease-carrying insects, pest insects, undesirable vegetation and to disperse oil spills in large bodies of water. Missions may be executed in combat areas, on DoD installations or in response to disasters/emergencies as declared by the President of the United States.
